BACKGROUND & RATIONAL

COVID-19 poses an extraordinary challenge Globally, specially for developing countries like Pakistan —both for pandemic infectious disease control and, for maintaining food security and livelihoods.

Pakistan's has the 5th Globally largest population, most numbers of people are living below the poverty line. Extraordinary challenge is being faced for the Country's COVID-19 response, and the Government has imposed the largest lockdown in its history.

Even China, ordered a total lockdown in just one area, Hubei Province (while imposing

other restrictions throughout the country). Implementing a lockdown in a country of Pakistan 's scale is socially, economically, institutionally, and politically very demanding and disproportionately affects the poor, daily wage earners, and other marginalized groups.

Thus COVID-19 exposes a harsh reality: An inadequate and uneven safety net may leave many from these economically vulnerable groups without access to food and other services. This struggle is particularly acute for large numbers of informal sector workers—including **self-**

employed, subcontracted laborers, small farmers, and landless workers. Pakistan 's informal sector employs high percentage ; The COVID-19 may push this group and their families into transient poverty.

The nature of the COVID-19 pandemic is unique. Shutting down many business operations, leaving people without work, is an integral part of efforts to “flatten the curve” of disease progression. Laid-off workers, particularly daily wage workers who are largely seasonal migrants will struggle to find employment. Corona virus-related layoffs will disproportionately hit service workers in indefinitely hit thee many daily wage earners and domestic help. .

For informal sector workers and rural poor, missing even a day's earnings can make it difficult to buy basic food items, and joblessness extended over several days can mean economic ruin.

RATIONAL

Bunyad Literacy Community Council (BLCC) is a non-governmental, non-political and non-profit NGO founded in 1994. Bunyad cultivating community's interaction with resource systems to fulfill basic needs of the present population and sustaining it for the next generation. In this regard, Bunyad works in

close collaboration with the Public and Private sector for long-term sustainable integrated development, through the holistic approach of development, by improving communities' access to “**Literacy**”, “**Education**”, “**Health**” and “**Livelihood**” in order to improve the HDI status of the country and build social capital

Pursuing to its vision and mission, Bunyad planned to extend its services in 2020. But, recently due to the emergence of Corona virus (COVID-19) across the globe and also in Pakistan, the number of needy people has overwhelmingly increased. This natural calamity has highly effected the poor and marginalized people and we need to rapidly move ahead and protect our people with emergency relief, in the shape of food rations, for daily wagers and laborers; and then their rehabilitation.

To respond quickly in the districts, BUNYAD’s staff, infrastructure and data already existed at Union Council level, to address the unique challenges faced Rations were distributed to over 3400 needy families!

OBJECTIVE:

- ❖ 3 pronged strategy was thought out in the HQ, immediate to give Rations to the marginalized.
- ❖ Contribute to control infectious disease Covid-19 through awareness of social distancing, wearing masks, not going to places which was congested, stay at home, wash hands etc
- ❖ Rehabilitation ways of getting Communities adversely hit economically ,be able to get back on their feet. Like kitchen gardening, drying vegetables, etc

STRATEGIC STEPS TO RESPOND COVID-19 LOCKDOWN

- ❖ Start with the advantage that Bunyad is already working with vulnerable communities of Punjab Province -Engaged already trained staff and existing infrastructure in 14 districts.

- ❖ Our Staff prepared list of eligible *Self-employed, subcontracted laborers, widows. Small farmers, workers, landless workers, daily wage workers , epileptic patients, transgender , brick kiln workers ,* to note the few we targeted.
- ❖ Utilizing data already available at UC level public and private sector.
- ❖ Team also targeting households fall in the category below the score 24 in Poverty Score Card -PSC.
- ❖ Well-connected with safety net schemes at village and UC level – which give advantage to reach the target un-served communities.
- ❖ To ensure the transparency and to avoid the duplication data of all potential and recipient relief and rehabilitation services are shared with concerned departments.
- ❖ All services of relief & rehabilitation are being provided at the door step of recipient by adopting safety measures & social distancing.

BLCC ACCESS TO ELIGIBLE HOUSEHOLDS?

BLCC has access to 28750 eligible households who are in dire need of relief services, especially food items to meet urgent needs .

PROPOSED REHABILITATION INTERVENTIONS

Lockdown has created a big disruption in the supply chain of every activity and has severely affected every segment of our society. People's livelihoods and access to education are under attack and are already in a deplorable situation. BLCC has very effective, doable and feasible innovative rehabilitation ideas to reconnect the people with their livelihoods and children with education.

- ❖ Resuming Livelihood through Self-Employability to earn and save money to fulfill basic urgent & immediate needs.
- ❖ Registration of unemployed workers in Job Replacement Centers.
- ❖ Trainings on Self-employability
- ❖ Resuming education of children through Mobile Rickshaw Library to promote the idea of studying at home and staying connected (Books at Home)
- ❖ Hand Washing Facilities (at school, home and community)
- ❖ Vegetable growing sustainable basis to ensure food security in the coming months .

In this hard and high need of the hour, BLCC humbly requests you to strengthen Bunyad's hands to

fulfill the basic food, living needs and rehabilitation of the marginalized families affected by the corona virus. We have a strong community network, infrastructure and trained staff in 14 districts of Punjab,

we welcome you to collaborate with us and work together for the sake of humanity.

SPECIAL GROUPS TOUCHED:

Bunyad launched a massive campaign to provide support many vulnerable families, who lost their livelihoods and other neglected groups who are facing hunger due to present lock down like:

- Daily wagers
- Brick kiln workers
- Trans Gender's
- Widows
- Epileptic patients, their families
- Family of Drug addicts
- Minorities, Christian & Hindus

TOTAL NUMBER OF FAMILIES SERVED

Laborers, daily wages workers and Widows are the worst hit, whose livelihood has been badly affected by the coronavirus pandemic. Their immediate worry is [about] food, which we are trying to provide them at their **door steps**. To date **over 4200 families** in 77 union councils/ locations of 10 Districts of Punjab have been provided emergency relief, none of this would be possible without the **generous support of our donors**.

This lockdown has really impacted our vulnerable communities. Access to nutritious food during this time has become a problem because vehicles are not being allowed to ply on the roads. The Bunyad team has been ensuring that these remote villages are not left behind during the lockdown.

Several Charities and organizations are distributing rations, providing medical assistance during the current lockdown but Bunyad adopted following formal procedure to reach out the people and families really in need and deserving

- Identification of deserving families by Bunyad's teachers
- Verification of identified families by Bunyad field staff
- lists made, Name, address, ID card s , noted
- thumb impression or signature on receiving sheets
- Distribution done
- Pictures taken as proof

DONORS:

Bunyad could not have helped families in these distressful times without the generous support by our donors and their unflinching support to help others. The strength of our country is the generosity of our people who gave freely. No words to express our gratitude and the many prayers they got from these hungry families.

PRECAUTIONARY MEASURES DURING RATION

DISTRIBUTION

In addition to this distribution we also made sure that our distribution team must follow the **WHO guidelines** in order to prevent the spread of Corona Virus by providing them mask , hand sanitizer, gloves and protective suits/kits. Social distancing also maintained and followed. Protective suits (PPE) were provided to Bunyad by Mr. Ibrahim Murtaza, for which we are most grateful.

REHABILITATION

With the development work we also look into the overall wellbeing of our communities with this Ration Distribution and other preventive supplies like masks and soaps we also focusing on the activities related to **rehabilitation like**

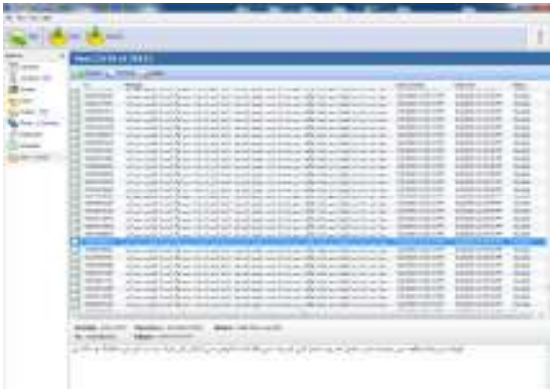

Kitchen gardening , poultry at household level , livestock keeping (goat and cows) to increase milk production etc etc

We are encouraging communities to grow vegetables in their homes in water bottles, empty fruit crates and other material not in use

MOBILE PHONES AWARENESS CAMPAIGN

We're all affected by #COVID2019 pandemic. It's an unprecedented health challenge. The confirmed cases toll is, increasing day by day, BLCC is committed to working to enable communities to cope with this pandemic. BLCC has taken initiative to aware the common masses by sharing information material highlight the tips and advice to reduce the risk of corona virus through its Mobile Based

Awareness Raising Campaign, hundreds of locals including the elderly, children, women and persons with a disability were reached and proper orientation was given on personal hygiene during this Corona Pandemic via text messages on their mobile phones. Bunyad has developed a special soft ware for this purpose.

اب تمام عوامی مقامات پر ماسک پہننا لازمی ہے

حکومت پاکستان نے تمام عوامی مقامات، مساجد، بازاروں، دوکانوں، ہینک ٹرانسپورٹ، بس، ٹرین اور جہاز کے سفر میں ماسک پہننا لازمی قرار دے دیا ہے۔

کورونا وائرس سے بچاؤ کے لیے ماسک کے استعمال کا صحیح طریقہ

1. ماسک لگانے سے پہلے، ہاتھوں کو اچھی طرح صابن اور صاف پانی سے دھوئیں
2. ماسک کو آنکھ سے اچھی طرح ڈھانپیں اور اس بات کو یقینی بنائیں کہ آپ کے چہرے اور ماسک کے درمیان کوئی خلا نہیں ہے
3. ماسک لگاتے ہی تم ہوا سے (سانس لینے سے گیارہ) توڑنے کی ضرورت نہیں کریں اور ایک بار استعمال ہونے والے ماسک کو دوبارہ استعمال نہ کریں
4. ماسک ہارنے کے بعد، ہاتھوں کو اچھی طرح صابن اور صاف پانی سے دھوئیں
5. ماسک کو فوری طور پر بند کرنے سے ان میں ڈالیں

یاد رکھیں! کسی دوسرے شخص کا ماسک ہرگز استعمال نہ کریں۔ کسی بھی وجہ سے ماسک نہ ہونے کی صورت میں اپنی ناک اور منہ صاف کپڑے سے ڈھانپ لیں۔
